

Father, Son and Spirit,  
How deep your love is for us;  
That you the three in one of all,  
Has bought us and has sought us.

You whose love abounds beyond all of the heavens,  
Your care for us more than love endures forever;  
And Christ does reign from eternal realms,  
That he as God is born to spirit for us,

With prayer and faith we trust in you,  
Who won the victory over death and hell;  
Your perfect mind stills troubled hearts,  
With peace for all who love and obey you.

How deep the meaning of it all,  
Father, God and Son who is the spirit;  
I love you Lord, you show the way,  
Of righteousness and peace and joy.

Now all our hearts go out to you Lord,  
Who is the heavens and light of day;  
Whose word is truth and liberty,  
Who keeps and seeks to save the lost.

I stand and knock and ask for Thee,  
As you stand and wait to talk to me;  
You are the father, son and spirit,  
To sit on the throne with crown you own.

Signed,

Eternal life to be.
