

We seek peace of mind and want joy in our life,

For the love of contentment and fulfillment of wife;

Lift Jesus high up for all to have and to see,

Above the earth high and mighty, over ocean and sea.

.

Fulfillment such a blessing for all to have some,

A gift we can cherish when money meets the sum;

God's glory is gracious to all who fall short,

And the story is thoughtful for a kind of fair sport.

.

Meaningful as it sounds there still is some difficulty,

Time for kindness and sorting out the differences;

What answers the questions and fulfils the promises;

In many directions, steps, stages and problems.

.

Fulfillment a marvel of what beauty is to be behold,

Of greatness and pleasure or treasure and gold;

Have what you like in truth and in light,

So love falls upon you in all of your life.

.

Fulfillment is nourishment and nurturing of the soul,

In brilliance of accomplishment, achieving your goal;

Take time for everything and let nothing surpass,

In the blue skies above and below the green grass.

.

It all seems so wonderful and a miracle to believe,

Of what's done by nature and in sunlight can achieve;

Now fulfillment gives many all the things they desire,

And for that now I pray and for you if you desire.

.

Signed,

Lovely water.
