A twirl in the hair, A snip of the curl; A gold heart locket, A meaning to see.

A clasp to keep sealed, A clip to hold fast; A gold chain for neck, A kiss to will be.

A slip of the tongue, A breath of fresh air; A key to unlock it, A will to be fare.

A smokey grey pussy, A soft gentle poise; A question to answer, A note to compare.

A list of what's lovely, A boys name inside; A beautiful locket, A gold love unaware.

A mind full of puzzle, A turmoil to unfold; A release of the torment, A joy to behold.

Signed,
