

All the earth waits on you,  
All the earth depends on what's true;  
All the earth is at one with God,  
All the earth with nothing odd.

All the earth revolving around,  
All the earth of solid ground;  
All the earth turns each day,  
All the earth has a special way.

All the earth supports our life,  
All the earth is worth a wife;  
All the earth lives on what's here,  
All the earth is very dear.

All the earth helps me to say,  
All the earth is money to pay;  
All the earth is what's right,  
All the earth is quite a sight.

All the earth is knowing you,  
All the earth dies for who;  
All the earth makes me a man,  
All the earth was creations plan.

All the earth is to love another,  
All the earth is a long lost brother;  
All the earth is a brighter way,  
For all earth is eternity grey.
