

Winning and losing is a game of chance to each and every one,

When all you really need is inspiration from those who have won;

So inspiration to win in life is about the passionate quest for love;

When romance is the answer for the relationship of marriage on above.

Â

Where everything you do is share the reality of loving together,

Everyday a wonder and a source of newness and adventure;

For inspiration in life is the best thing you can do to thank him,

Like you have beaten everything wrong and written every sin.

Â

For perfection is a status where humiliation is uncertainty,

And the crisis of the error is beaten every time eternally;

As understanding knowledge is an answer to infinity,

Where the naivety of losing finds inspiration to win in life.

Â

For beauty is in the making age you seek to save the lost,

To serve and want to fashion out all the things you can relate;

As the best is in the living and all the odd is beaten dead,

And the inspiration to win in life is how you use your head.

Â

Now I want to really lead enlightenment to those who want to read,

For the ability to understand how to improve is what you really need;

As everything is wonderful in the right time and place to see,

That the connection of the inspiration is to win the life and be.

Â

For the very best on earth is like a boat right out at sea,

Overlooking the whole ocean with the sky brightly beaming on me;

And all you need to know to win is a meaningful response,

As the sun that is the brightest burns your nose and beats you're pulse.

Â

Signed,

Â

Never a dull moment
