

Parsifal's Worship Poems

Introduction

Worship The Lord Love Poems, To Our Great God and King

Welcome to yet again another book of poetry, the versatility and flexibility of subject and mind has enabled still another book to be written. We worship our God because he is holy, divinely inspiring His people to love and enjoy Him who is a holy God and well worthy to be worshipped and respected as our King, Lord and Saviour. With the inspiration of a created mind, fashioned to serve and work for God, as a passion of living and understanding the joys of faithful service. This book has been and is and will be created for humble people, with spirits of fear and timidity, to revel in the love of God and honour Him through reading and understanding the spirit of worship. Being able to comprehend the meaning of literature of any kind, especially poetry is a complete joy and blessing in any part or all of the procedure. We are not operating on or dissecting life into tiny little pieces, but making whole, through connectivity and associated joining of lines or verse, explored and explained as and into creative inspiration. Things seem to just work out by themselves as words go into lines and as lines flow down the page into a somewhat how and logical format of understanding that comes to life, through continuity of completion, of a collection of poems which compromise the whole book of the endeavour. What we have here and is in the process of being made and created, is as a real life picture of the given subject matter and in this case, it is praise for a worthy and holy God, through the worship and spirit of poetic verse. I know that God loves me and loves you too, He has proved it over and over again to me by giving me a heart and mind to serve Him in the written format of poetry. I hope to that you also can share in this spirit of poetical understanding and enjoy the vast and vivid explanations of the mind as they rise to the occasion of being put down in words for you the readers to read as it is and in whatever shape or format it comes out for you to understand. Worship is about the spirit of integrity and love for one another as He who has shown us and knows everything and holds the keys to eternal life. This is our great and wonderful God of awesome character and nature, who dwells and lives in the realms of creativity of a vast unexplained universe in dialogue, yet to be formatted and written down. As we go through and complete this book I hope that you can share in this creative passion of understanding and that the God who you worship and trust for everything is more than able to give you what you want and reward you for your time and effort to. Thanks once again for reading and that I hope that you can be inticed by the book of Parsifal's Worship Poems for yourself and your own personal enjoyment.

Chapter 1 All Beautiful

1 Beautiful Attitudes

Beautiful attitudes and peace of mind,

Heavenly character and joy in soul;

Looking for a heart to serve and win,

Have you found God and freedom from sin?

Beautiful attitudes, the hearts delight,

Whats is going wrong, is now going right;

A personality type to beat and see,

The joy on winning people to Thee.

Beautiful attitudes, what people all need,

Right minded thinking to read and lead;

Caring and concern, showing your passion,

Loving and looking in perfect fashion.

Beautiful attitudes, monetarily secure,

Good sport with money, pay your tithe;

Warm and considerate, sharing with each other,

Compassion and solitude, peace and quiet.

Beautiful attitudes, love surveys the cross,

Jesus displayed to rejoice and suffer not loss;

Christ conveyed the message of love,

Divine government from God high above.

Beautiful attitudes, the parables of peace,

Joy in relinquishing, the truth to never cease;

Sowing and reaping, souls to the kingdom.

Signed,

The heart of Christ.

2 Beautiful Minds

Beautiful minds, just how Christ thinks,

Healing the sick, opens the eyes of the blind;

People with faith, all living to enjoy,

God reigning supreme, an angel convoy.

Beautiful minds, are you focused on God,

Christ on the cross again, suffering the odd;

Thinking of heaven, now a paradise state,

The truth is in knowing, that I must relate.

Beautiful minds, people grow and improve,

Lovingly knowing to get into the groove;

Understanding the knowledge of what is in heart,

Doing what is right, living to create as if so smart.

Beautiful minds, going through bodily hell,

The joy in suffering is long life on earth;

God won't put you through more than you can stand,

In a day or a week, what is this wondrous land.

Beautiful minds, thinking whatever I like,

The love in the oceans blue and faith is true life;

Beautiful minds with all people loving God,

Being smart in the pursuit of nothing being odd.

Beautiful minds, the trust in His authority,

God has the reigns and she is doing dutifully;

Peace flowing down from heaven gracing us all,

Faith for the future, now everything is sure.

Signed,

Mercy money.

3 Beautiful Heaven

Beautiful heaven, God's work displayed,

Sunsetting in reds, oranges and yellows;

Blues and crimsons, golden sunshine,

Christ dawns a new day, sunrise in colour.

Beautiful heaven, drinking-tropical juice.

Life is refreshing, everything as new;

Clouds move in the distance, white and crisp,

The morning has come, dew drops dear whisp.

Beautiful heaven, lovingly and kindly warm,

The heat of the day, now not so warm;

The cool wind of raindrops, time to enjoy,

Life abundantly and plentiful, all to employ.

Beautiful heaven, pacing each and every step,

Sure of your footsteps and of your breath;

Breathing the life of heaven, peacefully sound,

Lovingly keeping your head above ground.

Beautiful heaven, created for all to enjoy,

Wondrously knowing, God loves a small boy,

Girls twirl in wonder to, they are not second,

Heaven the haven of marriage God recond.

Beautiful heaven, everything done in prayer,

Perfect salvation, Christ coming and drawing near;

Church for all eternal, songs of the choir,

God grants us serenity, heavens perfect desire.

Signed,

Heavenly peace in places.

4 Beautiful Forever

Beautiful forever, Christ reigns surpreme,

The cross of salvation, everyones dream;

No sin or wrong, everything seems so right,

A beautiful world order, what is left to write?

Beautiful forever, toast to the truth,

Milk and honey, reasons and raisons;

What is on the other side, only green pastures,

Worshipping, knowingly, the heavenly master.

Beautiful forever, lets all worship our God,

When the wind blows and gets rid of the odd;

The heat of the day, suppressed by the poles,

God is living and reigning to save all lost souls.

Beautiful forever, Save us we ask and pray,

Our souls made to worship, praising each way;

Searching for answers, forgiveness each day;

Hunting the questions we seek for to say.

Beautiful forever, what now the task for us,

Show us the correct path, to follow and ask;

Jesus will lead us and guide us to our homes,

The truth is the road and to know everlasting life.

Beautiful forever, correct and right thinking,

Lovingly and knowingly, God as the king;

Worship the father through Christ the son.

Everything perfect and beautifully one.

Signed,

Paying what is made.

5 Reigning Beautifully

Reigning beautifully, worshipping the king,

The reason for love, that is the thing;

God is the Christ child, Christmas and Easter,

Release us to realize, He holds the future.

Reigning beautifully, beautifully reigning,

Heavenly offering, Christ is our saviour;

Worship God in paradise, hell overcome,

Heaven now waiting, the keys for each one.

Reigning beautifully, the cost of the cross,

The state of perfection, the boss of his some;

The children of God, the kingdom of heaven,

The art of the heart, the peace of being clever.

Reigning beautifully, the due of the Jews,

Snow on the roses, the sun through the hue;

The clouds of forever, what's ancient has passed,

Beautifully reigning, what has gone is the past.

Signed,

Back tomorrow.

6 Beautiful Hearts

Beautiful hearts, souls and minds,

Enjuring, restoring and finding the kind;

The love of God is still hard to find,

But work hard to know it and to be inclined.

Beautiful hearts, faith and trust,

Out of the dirt and from amongst the dust;

Clean hearts and souls in wearisome minds,

Blessing each other and helping to be kind.

Beautiful hearts, Truth of the honest,

Accounting to God with manners worthy,

Loyal and royal, principles of integrity,

Courtesy, scruples, ethics and morality.

Beautiful hearts, bringing joy to others,

Making happy the people who work so diligently;

Loving kindness, a passion for living,

Beautiful hearts are always giving.

Beautiful hearts, the spirit of generosity,

Obedience and patience, the spirit of onipidence;

Taking, making, having, requiring,

God is giving and God is having.

Beautiful hearts, everybody is happy,

Going to heaven to be with the Lord in eternity;

Graciously knowing peace is security,

They rest assured in salvations certainty.

Signed,

Worship the Lord.

7 Being Beautiful

Being beautiful, beautiful Saviour and Lord,

Trust and honour, with praises are always yours;

Jesus lamb of God, rescue your sheep,

Give us safety and security, worthy of our sleep.

Search out the nations, love is hard to find,

Except in explanation of passion and mind;

Verse for understanding, love deep in thought,

Worthy is this God of ours, righteousness the resort.

Being beautiful, God's holy and righteous people,

Love is a certainty, righteousness a pleasure;

The clear clean water of life is freely given,

Mountains and rivers and lakes for living.

Being beautiful, drink of the righteous thoughts,

God is a holy God far above all sports;

Come rest you weary and heavy laden,

Lie down and rest your souls in God forever.

Being beautiful, rise and get up for the day,

God is coming and He is on His way;

He is going to take you home to be with Him,

It is a perfect paradise of heaven in endless bliss.

Being beautiful is not all it is cut out to be,

Marriage and children make work for you and for me;

Give God back a tenth of of all that, which was His,

Come and celebrate His kingdom, all the glory of being His.

Signed.

God's Eternal Thrown and Home.

8 Big, Best and Beautiful

Big, best and beautiful to see,

God's love reigning, just for you and me;

Mountains rise to the sky for all,

Trees stand the test of time so tall.

Big, best and beautiful and small,

Possibly good to see and listen to teach;

The mighty ocean crashing on the beach,

Sands of time, thousands of years old each.

Big, best and beautiful, weather coming,

The clouds are passing along all day,

Through the skies empty self projection,

Consideration is sent and implies to all.

Big, best and beautiful, creations gift,

The earth a place for people to venture,

Adventure and the price is sweet and good.

Big, best and beautiful, countries heart,

Self demanding to self whole impart;

Love steaming like a wide river,

Into the hearts and minds of all.

Big best and beautiful, Look Him in the face,

God 's strength, love and might to see,

Perfect picture and perplexed depiction,

Troubled times can seem small to all.

Signed,

Still Quite Calm.

9 Seeing The Beauty In Others

Seeing beauty in others is constant pleasure,

Watching smiling worried faces and hearts;

Best to worship and to look on Jesus,

He will ease and heal your troubled mind and heart.

Seeing beauty in others, perfect love,

Constant creation surrounds us and worries;

Looking wholly unto Jesus helps us,

He will lead you by His guiding light.

Seeing beauty in others, drives out all the fear,

Pleasant smiling happy faces;

Looking out for each others heart,

Clever people learning how to be quite smart.

Seeing beauty in others, ever pleases,

When all else is crumbling down;

God will smile upon your troubled faces,

He will help you when you are feeling down.

Seeing beauty in others, when life treats you hard,

Go the extra hundred meters or the extra hundred yards;

God helps those unto who He pleases,

Look up to Him and He will look down.

Seeing beauty in others through the pleasant smiling faces,

Lots of love from hearts adore us,

God will teach you not to frown.

It is His nature to tell how to laugh and learn.

Signed,

People profit.

10 Beautiful Worship

Beautiful worship, happening so true,

Loving God, just for me and you;

Times are changing, peace come true,

Beautiful worship, people learning anew.

Beautiful worship, just for loving God,

People doing the right thing;

Nothing at all happening as odd,

Church is for everyone to worship God.

Beautiful worship, pleasing to Him who sits on high,

Reigning there on the throne looking down from the sky;

For you and me, to follow not alone,

God of glory, always perfect, of He who owns.

Beautiful worship to the allmighty God I love,

My whole life in constant worship to Him I owe,

Glorified there, wearing heavens crown,

Smiling at me coming to Him at home.

Beautiful worship, glorified saviour,

I love you as much as you love me;

If I can and that if it is at all likely to possibly be,

Because you loved me before I knew you,

Beautiful worship, constant lover,

God you call me to be with you alone;

You want to take me to be with you always.

Lead me on and up and to my home you own.

Signed,

Onipotent One.

Chapter 2 Worshiping God

11 God Is Worthy

God is worthy, holy and great,

The best who work in love relate;

Creation the key, heaven the state,

Relationship based, worship weight.

God is worthy, Christ the right,

Grace supreme, holy sight;

Beautiful morning, loves delight,

Weight in glory, worthy the right.

God is worthy, Christ the light,

Human wellbeing, ocean might;

Mountains rising, rivers run,

Eternal life, fresh sunlight.

God is worthy, praise the Lord,

Olden times, ancient days;

Working to help, others pays,

Heaven rewarding, paradise board.

God is worthy, he reigns on high,

The surpeme allmighty, people cry;

Things in order, things the same,

Different people, known by name.

God is worthy, Christ as cream,

People rewarded, coastal dream;

Summer comes, Winter goes,

God is worthy, everyone knows.

Signed,

Phrophecy fulfilled.

12 Greatful Adoration

Greatful adoration, sight notation,

Full acceptance, God quotation;

In the heart of Jesus's mind,

Comes the gift of being kind.

Greatful adoration, Thanks to God,

Give Him the gift of your love;

Respect and adore Him, He is Thine,

Heavenly father, always mine.

Greatful adoration, lets give thanks,

Peace and forgiveness, like the banks;

Money comes and money goes,

Blessing others from whom it flows.

Greatful adoration, patients and persistance,

Creative spirit, native passion;

God loves gloriously, always right,

Good and holy, perfect might.

Greatful adoration, I give thanks to God,

Loving me first, when I was odd;

Everything I am goes back to Him,

In greatful adoration I love Hymnes.

Greatful adoration, how can it be,

When I was lost, he found me;

Greatfully thankfully all I need,

Returning thanks God, I love Thee.

Signed,

Right With God.

13 Forever Loved

Forever loved, forever wanted,

Time on my hands for all of you;

The kingdom prospered and me to,

With grace from Thee Lord, I could do.

All I need do was to accept it though,

Lost and tried and tossed and turned;

The cost was paid and I accepted,

Saved my soul, now I'm not rejected.

Looking for God now to be connected,

Replaced my sin and is now perfected;

Forever loved God, you I selected,

Wandered, worried, was wasting and wanting.

Deep in Thee now never needing,

Everything that must come my way will;

Loving forever, like I am loved forever,

Harmonious and pleasant in any weather.

Loved forever, my heart is true,

Trusting and obedient to God I'm you;

Blessings maybe more the merrier,

Not drunk and dishearted in any circumstances.

Loved forever, perfect and new,

Coming good under the right weather;

Romance will come and be brandnew,

Loved forever by God, I love you.

Signed

Unity in spirit.

14 No Matter the Cost

No matter the cost, I love you Lord,

Blessings and honour, my reward,

Your kingdom come, your will be done,

Suffer the truth, as if for only the one.

No matter the cost, your will be done,

Bright shining stars, the truth is won;

Winning is easy, if I love you Lord,

Staying on track, I stray no more.

No matter the cost I will follow you,

Perfect in truth and unity too;

Love the way to know what is right,

God is that way and the truth is His light.

No matter the cost, I am a deciple of yours,

An apostle to follow and lead your cause;

I am committed as much as I ever will be now,

I give you my time for all your commands.

No matter the cost, you have won me Lord,

Playing my part to do my duty for yours;

I won't ever give up but always love you Lord,

No matter what cost God, I am always yours.

Signed,

At The Cross.

15 The Price Is Paid

The price is paid, yes it is paid in full,

Chirst through the years, the cross he knew;

Yes glory was rife and riveted to the ground,

The whole damn lot, now nothing is found.

The dew on the roses, the snow is too,

The jewish rabbai is here now, a dream come true;

Messiah who is messing with me and you,

Money for everything, but if God is blue.

God bless the skies as I see Him coming,

Reigning upon earth, while doing something;

Cloudy days all weather away to grey,

Babies all born beside the seaside bay.

The price is paid, it is now complete,

The cost of everything with each receipt;

Who are you cheating, there is no deceit,

Christ died on the cross, precipice precede.

The price is paid, Lord have your own way,

You did everything for me and now I am free;

That cursed, wretched old fashioned tree,

Establish your truth for all to agree and see.

The price is paid, communion in prayer,

Perfect saviour, for us you did it all well;

Common community and so now we are on air,

Living in your love for all to compare.

Signed,

Serving you Lord.

16 Full of Honour and Glory

Full honour and glory are yours Lord,

Great is your majesty and patience;

Your subjects love and adore you,

Graciously atoned for and believed Lord,

That you could do more for us than anyone else;

You paid the price, yes in full Lord,

You rose from the dead for us all to see.

Graciously atoned for and achieved Lord,

You went to heaven to be with your father;

You will come back one day and take us with you,

To be with you there in heaven and in paradise.

Than to take up our cross and follow you,

You have the keys to eternity Lord,

You understand all that we knew.

No higher love than all creation Lord,

You were the first and will be the last;

You people just can't do enough for you Lord,

You are the great God of our love from above.

No higher love than to simply adore you lord,

Show us clearly to see the error of our ways,

Your strength and might is for all days Lord;

You show us certainly of all of your great love.

Sitting high on your throne and reigning above;

You look down on us all and just smile,

And we all really love you all the time lord.

Chapter 3 Praise and Adoration

21 Give Him Praise

Give Him praise and adoration,

God eternal on the throne above;

Resting in the rock of reassurance,

Praise His name forever more.

Give Him praise and love Him deeply

He gives to you everything you need;

He loves you more than you know He does,

Rest assured in His loving arms of peace.

Give Him praise when you least feel like it,

He will love you back even more;

You can rest assured in your trusted saviour,

He will always turn and give you more.

Give Him praise, love and adore Him,

Raised up above on high for all to see;

Certain of your security and safety,

You can trust your life with the God of love.

Give Him praise and love all day long,

He will put you back in the place that you belong;

He will love you unconditionally forever,

There is nothing more that you could possibly do.

Give Him praise and adoration to his face,

He will love you without a trace to space;

He will show you clearly the way in which you must go,

Onward and upward to your place in heaven with Him.

Signed,

Ever Only.

22 Adored Forever

Adored forever, reigning supreme,

God on high, just you ad me;

We are left here on earth to worship,

God in heaven for evermore with love.

Adored forever, oh! lover of heaven,

Since I was born again, now and forever;

Living for your righteousness, Oh! holy God,

Pleased to do your bidding, God of love.

Adored forever, I come into your presence,

Living for you daily, I rest in your peace;Ã,Â

The joys of your holy kingdom, assured for me,

Blessed is your heart oh God, eternally living.

Adored forever, yet me follow you all of my life,

Allow me to do whatever you require, without ceasing;

Endlessly forever, you are God the great of all above,

I worship in your presence and adore your mighty love.

Adored forever, Oh God you always were and will,

Forever in our hearts and minds, forever in our love;

Great father of constant mercies, grace and peace and faith,

Let us love you and adore you, till the endless race.

Adored forever, heavenly father, yours the greatest love,

Cure us of all our sins and ills, restore our ales to love;

Adoration to the highest, we will sing and bless your needs,

As you constanly forgive us, of our sinful deeds.

Signed,

Give God the Glory.

23 Worship Him On High

Worship Him on high who reigns forever,

Rescue us from our sinful minds and souls;

The one who lives forever, endlessly to see,

Above all earthly ways, in the heavenly realms.

Worship Him on high, who sits on the thrown,

Who goes before us up yonder, in the eye of the sky;

Who flies around before us, lest we stray and wonder,

The God of all creation, worship Him who sits on high.

Worship Him on high, who lives to redeem and restore us,

To our rightful place in His heavenly kingdom;

Saved by grace and walking by faith forever,

To worship the God of all creation and see only His face.

Worship Him on high, in songs of praise and adoration,

His beauty and His splendour beams all around us;

Perfect since the beginning, now and future forever,

Who sits and reigns in the heavens on His mighty throne.

Worship Him on high, who looks down on us to bless us,

Who never leaves us unattended or looking for another;

The search is always in His church of total surrender,

Were he constantly blesses all of His attenders.

Worship Him who sits on high, God of all adoration,

The complex hearts of people amongst the nations;

Looking for you love and passion from the concern of others,

To the highest of the highest places, your perfect peace forever.

Signed,

Above all else.

24 Lift Jesus Up Again

Lift Jesus up again to reign on high,

Above all of creation, coming through the sky;

Beauty and magesty are yours, love and joy to,

You people are your splendour forever loving you.

Lift Jesus up again, to lead and guide us rightly,

Taking all to heart, what His depth is lightly;

Mercy and the magnitude, are your heavens dwelling,

Wher everything is perfect and paradise for all.

Lift Jesus up again, to where he loves to be,

Reigning ever freely, for you at home with me;

Now you see Him, now you don't,

He is always there anyway waiting to delight.

Lift Jesus up again, up where he belongs to live,

With God in the highest heavens well above our dreams;

Coming into the fruition of all His promises,

Hell is down there waiting for all who hate Him so.

Lift Jesus up again, where the eagles soar,

Where your head lives in the heavens, places we adore;

People proving that they love Him and want Him all the more,

As He comes in through the door and walks right up to you.

Lift Jesus up again, from places unexplored,

His church and holy people want to love Him all the more;

Grace and mecy go with you as he lives within the hearts,

Of every one who love Him and trusted from the start.

Lift Jesus up again, see Him reign on His throne above,

Sitting next to God at His right hand of love;

Rest assured in your salvation, fellowship of man,

God has come restoring you in the course of His perfect plan.

Signed,

Great to follow.

25 In Music and Song

In music and song, God you are Lord of all,

Singing for the love of you, endlessly forever;

We praise you and adore you as we harmonise,

Worshipping you forever in your heavenly kingdom.

In music and song, we lift you up on high,

Singing like the angels of the heavenly choir;

Praising and adoring you in your righteous splendour,

Heavenly father of love, is Jesus to surrender our souls.

In music and song, mountains rise and fall,

Rivers run into your oceans of love for you and me;

Birds fly through the air, their voices singing a song,

They remind us of your heavens, the place where we belong.

In music and song we adore you, your endless love,

God of all creation, who reigns in heaven above;

Perfect heart and majesty, your robe of authoritative power,

Everything within your law and far all that you allow.

In music and song, we praise and lift you up again Lord,

Jesus heavenly king and God of all the earth and heavens,

Come and join us in the congregation where we praise you,

And worship you in the heavens, amongst your church of love.

In music and song, we come into your courts of praise,

Worshipping and lovingly adoring you, through our endless days;

Heavenly father, king of creation, come and live in our hearts,

As we sing with all our might and strength, to the God of love.

Signed,

Praise and Worship.

26 Hymns On The Organ

Hymns on the organ, so lovely arranged,

Chords left unbroken, sounding the same;

Melodious harmonies, best echoing the name,

Jesus Christ you are God, music the game.

Hymns on the organ, deep and clear,

Soft sounds of chords, beautifully played,

The wind through the pipes, resounding aloud,

Voices portrayed in a magestic choir chorus.

The cathedral is alive, the organ surrounds,

Treble clefts and bass, alive and vibrant;

Belting out a sound of chords on the organ,

The music sounds so beautiful and magestic.

Hymns on the organ, a large and great selection,

Amazing grace, How great Thou art, Abide with me;

Just to mention a few of the amazing repetoire,

Perfect instrumental accompliment, happy arrangement.

The Hymn book open at a thousand different collections,

Hymns on the organ, sound so beautiful and magestic;

Thy God and thine rod, with staff of thine headship,

Resounding the truth of the organs pipe perfection.

Hymns on the organ, Oh how lovely they are to hear,

Vibrating through my body at a decibel clear;

Sing with all your heart out, to the God who made you,

Created in his image, a dream sounding so true.

Signed,

Raise the roof off.

27 Angelic Voices

Angelic voices, choir of angels,

Voices singing angel songs;

Living loving songs of love,

God is great in all is love.

I look above me to the heavens,

I write and testify toÃ,Â His grace;

His mercy, truth and humility,

God is good and God is love.

Angelic voices blessing with all their heart,

Blessing God that He is love;

Thankfully fulfilled in words of love,

God is love from high above.

Angelic voices chords of harmony,

Crystal clear and completely orderly;

Giving God the praise and glory,

His love tells the endless story.~^

Angelic voices singing with hearts of tears,

Crying pain through all the years,

God of grace and love is good,

Humility in His compassion understood.

Angelic voices singing loud,

Clear as crystal and so concise;

Listening to the voice of God,

Echoes resound across the world.

Signed,

Ears that hear.

28 The Choir Arises

Eyes that water, heart that beats,

Triumphing over all deceipt;

The choir arises, angels sing,

Angels murmur, echoes ring.

The choir arises and voices sing,

Standing to give a concert here;

Peace on earth to all mankind,

The joy of Christmas and new year brings.

The choir arises, the audience applauds,

The voices sing in unison once again;

An orchestra plays a concerto suite,

Sweet to hear, good to eat.

The choir arises, music is clear,

Played in prayer of truth and grace;

Ringling, resounding, all so good,

The God of love is here for good.

The choir arises, The organ leads,

The choir join in the atmospheres fear;

All is calmed and stilled so sweet,

Tastes so perfect, breathes complete.

The choir arises, God leads us tall and small,

His hand is steadfast and true to all;

Beautiful instruments, holy scene,

The choir of angels is seen so clean.

Signed,

Heard in heart.

29All Our Praise

All our praise goes on forever,

Living to the God of power,

Beauty arranged in endless pleasure,

Merciful father gives to all.

All our praise endless ever,

Truth and grace and might is His;

Persuing what we need to do,

Praising Him as is our duty.

All our praise sings loud and clear,

In him do I draw near and hear,

Here and there and everywhere,

Seeing clearly only what is in Him.

All our praise going to heaven high,

Living in the loving eternal sky;

Flown and blown away in the wind,

Home again and listening in.

All our praise goes to Him in song,

Singing right nothing wrong;

Perfect harmony the choir is clear,

Anglelic voices all appear.

All our praise goes on and on forever,

Going to the choir in heaven,

Praising God in all His glory,

Murmuring, muttering angel songs.

Signed,

Only one sweet song.

30 Peace and Beauty

Peace and beauty is God on high,

Mountains rising to meet the sky;

Looking down on all to see,

Where are we, you and I as me.

Peace and beauty, perfect looks,

Anglelic faces, never misunderstood;

Crossing over streams and brooks;

Through valleys and gullys as words in books.

Peace and beauty, grace for all,

Mercy healing, truth will lead,

Understanding all who read,

Loving Him is all I need.

Peace and beauty, piano plays,

Chords and echoes from the grave,

Hearing them in heights above,

Listing in heaven who rise on high.

Peace and beauty, still and clear,

Close near by and feeling sure,

Of all God's goodness and grace and love,

Home sweet home, I am on my own.

Peace and beauty loving paradise,

Eternal tropics of island delights;

Sailing off into the horizons sun,

Christ is Gone, His love is God,

Signed,

In endless love, across the ocean.

To vent our frustration is very basic;

Resting only in what God has appeared.

Goodness and kindness, echoes and resounds,

The truth of knowledge in Him is found;

Managing to keep our heads above the ground,

Perfect harmony from Him in love abounds.

Goodness and kindness, I have to confess,

To say what is right and then fix all the mess,

Struggling with danger and strife to address,

Safe and secure is the test and in God do I rest.

39 A Medal Reward

A medal reward, from past and history,

Into the future forever persisting;

Never perishing or fainting, enduring along,

In God do I trust and in Him I belong.

The flood and the famine, hunger and uncertainty;

Pursuing and loving, His grace is the victory,

Forever I am knowing His trust is a certainty.

A medal reward, can it save you or kill you,

I know that in Christ I am assured of salvation;

From troubled times or pestilence and starvation,

In faith I have grace from believing in His delivery.

A medal reward, from every station and nation,

Battlefields of armies and navies, the oceans;

Flightpaths and airstrips, flying persistantly,

Landing and sailing for a medal that is honouring.

Christ had the crown of life to the kingdom,

Where gold and jewels are His reward in eternity,

He died and He won the lives of the victums,

To celebrate the life of a neverending relinquishment.

A medal of honour rewarding the victory,

How sweet it is in the whole of eternity;

Chapter 5 Joy and Happiness

41 Joy Reigns In Heart

We are happy and blessed,

When joy reigns in heart;

Taken on high for a time,

Lost in the peace of mind.

When joy reigns in heart,

For the best or the worst;

We are happy and loving,

When all things seem adverse.

When joy reigns in heart,

We celebrate the life;

Of the saviour more,

The confusion is never smart.

When joy reigns in heart,

We are rejoicing happily within;

Forgotten all of our troubles,

And lost all of our sin.

When joy reigns in heart,

The world will rejoice,

Peace and love in mind,

The earth is good and kind.

When joy reigns in heart,

God celebrates life with us;

The best of the best being,

The test and the rest again.

Signed,

One More Time.

42 Happiness Is Best

Happiness is best to trust and obey,

The Lord and the saviour who lives on high;

Goodness and mercy shall follow me always,

If in Him do I understand, to search for and find.

Happiness is best when you have peace of mind,

When the troubles of money seem hard and unkind;

When work gets you down and your lost in the head,

Better to choose happiness and not look as if dead.

When you look to the future of brighter days ahead,

Leave your strife and your troubles all far behind;

Living in heaven is really a safe happy place,

Where the knowledge of God's love is sure to bless.

Happiness is best when you try hard in vain,

When the problems of life send you insane;

Trust in the good times and remember the best,

The God who loves you and is not that far away.

Happiness is best, the loving of life living for Him,

Whose worries are small and problems are dim;

Work for the good times of love and the rest,

With family and friends in happiness ways.

Happiness is best when the tough all get stressed,

When your lost in your mind and head not addressed;

Forgot what you had and you remembered the mess,

The memory of paradise and perfect peace was heaven.

Signed,

Just keep smiling.

43 Love Not Hate

Love not hate, the good will come,

Hurting in pain is awefully dumb;

Vengence is rife and jealousy wrong,

Learn to be kind and help others win.

Love not hate, its a vicious world,

Don't retaliate when you are hit,

Turn the other cheek and smile,

Look to the brighter days for a long while.

Love not hate, plenty to eat,

Food on the table and things are sweet;

Looking for the right partner,

Sharing love together, when hate goes away.

Love not hate, the bitter is bad,

Sour and not sweet, off in conceipt;

Love in unity is always complete,

Search for the truth and all is belief.

Love and not hate, life is too short,

To hurt and not love in disbelief;

Rejoice in the saviour of the great king,

For the peace and happiness, that He does bring.

Love and not hate, things will work out,

Be good to each other and help understand;

Look to the brigher days with sun and a smile,

The dark clouds will pass and God will come in.

Signed,

Just live forever.

44 Peace Of Mind

Peace of mind from people being kind,

Goodness and mercy, kindness I will find;

Trust in the truth of peace of mind,

Faith in the future, troubles have passed.

Peace on mind from when in histories past,

Has taught us the lessons of joy to find;

Hearts that celebrate in the best of life,

Joy and happiness in what comes from Thee.

Peace of mind is really not all that hard to find,

Beauty and magesty from the God who helps me;

Knowing what is right and trying to be kind,

The books of the Bible and the Devil to bind.

Peace of mind for those with the joy of the Lord,

Who found happiness in Jesus and forgot all the pain;

The wrong that is gone and left far behind,

The truth in the light and life is all a free tree.

Peace of mind, when love is hard to find,

When your lost in your head and God just a sign;

To look to the up and not down and out and not in,

Where the victory of sin was paid on the cross.

Peace of mind, I have and peace I do leave you,

Rest assured that you can trust and be blessed in Him;

When your burdens are gone and your hopes true in love,

The sun shines down and all the skies up there, blue.

Signed,

He lives in me.

45 Peaceful Existence

The dangers and troubles, which are all being dealt with.

Grace and mercy to who all who come near;

Forget what went wrong and look to brighter days ahead,

God in the picture, He is perfect for so long.

Peaceful existance, blessings in weather forever,

Prosperity to the farmers who workout the whether;

Prayer from each other, God hears those who do pray,

God sees on high above and cares where the rain goes.

Peaceful existance, glorious beauty and blessings,

Grace to each other and mercy in joys heaven;

The wonder of magic, not being tragic forever,

When the spirit comes upon us in love to bestow.

Peaceful existance, travelling mercies forever,

To get where I am going and to know I belong;

The kindness of the heavens, earths joys persist,

It is just a peaceful existance and all things are bliss.

Breathing quietly and silently for His pleasure,

Understanding the wisdom of God and men.

A mind that is humble and won't hurt anyone;

Getting the blessing, a hundred human beings,

The joy and truth of all that God is seeing.

Happiness is giving, loving life and a lot more,

Settling to keep everything you have earned;

Patient with everyone and then a hundred more,

Long time in coming and a long time gone.

Happiness is giving, trusting in everything good,

Rich in the spirit and a whole lot still more;

Blessings and honour unto the humble poor,

Who are needing the basics of lifes for sure.

Happiness is giving to the God who gave the most,

A feast and banquet in honour of The Holy Ghost;

Feeding the family on left over lamb on toast,

The great God of Israel has come to eat the roast.

Signed,

With the love of God and peace on their mind;

Joy to others who offer a up a tribute freely,

Rest and comfort, sitting and breathing easily;

Strenuous exercise a thing of the long gone past,

Now fragile and frail in need of the mighty Lord.

Joy to others who try invane and work hard to obtain,

The best is the rest of the load lost of pain in your heart,

God grant us forgiveness for the things we all greed,

Instead of loving and trusting and supporting your need.

Joy to others, let us all just get on with the job,

Business as usual and all happing true and smart;

The great gift of God's love, forgetting all the odd,

Remaining in righteousness for wisdom for all.

To work for the Lord and help pay His way;

The fresh mind of God falling right upon us from heaven;

Filling us with love for peace and joy of His presence,

The battle for survival and righteousness replenishment.

Hoping for a high, rain coming down in plentitude,

The best for the rest in the test for the right attitude;

The paradise perfection once again in full joyous mind,

For al the right reasons and seasons being complete;

Satisfaction and accomplishment to all those who need,

The year falling into place and the people enjoying peace.

Searching for the truth and trusting in all righteousness,

The wisdom of God is wonderful in discovering we are all blessed.

Full of the spirit and mercifulness by the side,

Taking in the living and joys coming along for the ride;

Life is but a certainty to those who remain true,

The beauty and the blessings falling from skies of blue.

Full of the spirit clouds still fill my mind,

With the heavenly sadness of Christ dieing so kind;

Filling us with mercies and glories all divine,

Faith first forever, whatever what may,

Christ only always, we just have to pay;

Hope in the goodtimes, love always wins,

Faith first forever, God's face does not sin.

Faith first forever, the best always was,

Christ holds the light for all that has gone;

The truth reigns internally, the kingdom has come,

The future is brighter, the righter it shone.

Faith first forever, shining into our hearts,

People on the right track, the road back has gone;

Look always unto Him, he holds the keys,

To life ever after, all that you need.

Faith first forever, put your trust in God,

He will not lead you in to dark places wrong;

He stands in truth and triumphs unto me,

Longingly loving and making sure I am free.

Faith first forever, the beauty of heavens plan,

Perfect creation, righteously restored and redeemed;

Everything righteously to our good God it seems,

Keep up the good fight, He'll light your dreams.

Faith first forever, the possibility for each,

To learn and acknowledge, the goodness to teach;

Preaching the gospel, God's words are left eternally,

In the hearts of the people, who trust in His love.

Faith first forever, the best thing you need to know,

Christ's endless beauty in God's best to bestow;

Children of God living in the kingdoms love to grow,

The best of the world is in God's smooth even flow.

Hope for the best, you won't be dissappointed,

Christ never leaves us alone and forsaken;

The beauty of His love is perfect redemption,

The fullfillment of creation in loves revelation.

Hope for the best, trust in His righteous truth,

The solution is answered in Christ's living proof;

The mighty are winning, only God undefeted,

God from heaven light my way, to see you forever.

Hope for the best, unto the awesome God unending,

Things are not dismal or seemingly crazily unfreindly;

The solution is to let God triumph in His love,

Providing and forgiving those who love Him.

Hope for the best, the test addressed rest,

But none could ever beat Him, He reigns supreme;

His bride is the church, for all it ever means,

The wedding in heaven, the banquet feast.

Hope for the best, the future is brighter,

When you trust in the Lord above everything else;

Seeing it clearly now, the treasures are in His love,

The answers are fulfilled in relinquishing of the self.

Hope for the best, In me I am finished, in you there is love,

The best of His beauty is from the kingdom of heaven above;

Lost behind me, I will call on the name of the Lord,

The sacrifice of God, full redemption and restoration.

Signed,

53 Love Never Fails

Love never fails, your safety is secured forever,

Never fear others, but only trust in the Lord;

The offering is sweeter when you know and trust Him,

The certainty of your salvation is in the Son of man;

Triumphing always according to God's perfect plan,

The offering will last longer left in His gracious hands.

Love never fails, Christ is the perfect solution,

The best ever always, seen as God's heavenly bliss;

See all His ways of his answers answering clearly,

Clean as a whistle and bright as a bristle.

Trust in Him always, you have no chance of losing;

In Christ I rest in peace, unceasingly always,

Brighter than the heavens, brighter than the skies.

Unforsakingly forgiving the ones who were all lost;

Don't be like Peter, with a foot in mouth disease,

Look unto Christ and God's face before your feet;

The truth is in the knowing, that His love is grace,

Feast in the kingdom of food that is sweet.

Face before feet, keep your faith left in God,

The righteous understanding of His, is pure love;

Don't look down at your feet but into the face of God,

Your face is dim and in Him, His feet He has trod.

Face before feet, look Him straight in th eye,

The kingdom of God is the bright light shining sky;

He reigns forever, the son is the sun, sin unaccepted,

See Him above, His pace and feet being perceived.

The concept of His love, in face before feet,

Is to see Him in His glory of the flood of His love;

Restored in the blood and His purity sanctifying me,

He rises above and sends His love down on Thee.

Face before feet, look up and not down,

Take a step forward and your face will glow,

Not beaten backward or forsaken, love never loses,

But faith always beats and His love always reigns supreme.

Signed,

Concrete mass.

55 Fait Always Hopes

Fait always hopes, your faith is secure,

Perfect fulfillment in love all endured;

Put your trust in Him, He won't let you down,

It is fair that your faith in His love won't fail.

Fait always hopes, it has to, it can,

The knowledge of the verdict was paid long ago;

The court room decided that the judgement goes your way,

The judge says go freely, the cost was all paid.

Fait always hopes, the truth of His love,

Your faith in the fulfillment of God's endless love;

There is no other answer but to win and not hate,

You can't go on losing in the hell of the grey.

Fait always hopes, there is a brighter loving God,

Look up and upon Him, in His heavens reigning thrown;

The beauty is a feature of His perfect living truth,

The creation in full restoration, the proof of his great love.

Fait always hopes, If you have given into His great strength,

He holds you in His palm for the love of living longer life;

Rewards seem always futile when you look only unto yourself,

Look out and up to God's righteous and perfect unblemished self.

Fait always hopes, if your trust is secure in Him,

When the dull and deepest darkness, is swallowed in His love;

Pray a prayer unto God now for your unearned forgiveness,

He will grant you His favour and your sins no more He count.

Signed,

No sense in losing now.

56 Love Wins In The End

Love wins in the end, it has to, it can,

It beats all the rotten, forgotton unloved;

Perfect solution, the righteousness of time,

Love wins in the end, now found in rhyme.

Love wins in the end, we will see how we go,

To get to the bottom of this, Christ's love to know;

Lines keep on coming or the writer will give up,

I have to, He has to, God has always great love.

No sense in failure, Christ triumphed on the cross,

I can't lose in Him if I trust in His truthful love;

The distance as the crow flies, is straight A to B,

I am right if I follow in Him and do not see me.

Love wins in the end, we have got a bit further,

Now I am looking for, what farther is my Father;

He was in the beginning, He remains true in the end,

The coming of His great kingdom, is lost in His love.

The future, the friendship, never afraid of Him above,

His faith found in freedom, never turn back again;

You can't get lost in the relishing of His love,

Give God the relinquishment of your unforgotten soul.

Love wins in the end, I am at the bottom of this page,

Life has come and gone in words as written so;

The past is unforgotten, the future now secured,

Christ has won the victory in all my unwritten ways.

Signed,

If I only Know Him.

57 Hope In God

Hope in God, if you can remain true to the end,

Christ knows what is install, He was there before you;

Don't give up the fight, the battle continues on,

Rest assured in the victory, God holds for His friends.

Hope in God, the choir of endless angels sing,

There is no room in His kingdom for those who want to sin;

Give up on all your own self centred futile days,

Your only chance in heaven is to follow all God's ways.

The certainty of forgiveness rests in His love alone,

You are just not good enough to sit upon His throne;

Commit your lives to Jesus, come afresh to Him,

The victory is in heaven, send all of your sins to hell.

He will take upon Himself, all of your senseless care,

Showing you a better way, the narrow road to eternal life;

He been there before you, He has the keys of prayer,

He lives to reign forever in your heart beating life and mind.

He stands before the door and knocks, Is anybody there?

Open up and answer Him, He will come into your life again;

Try to live up to your calling and follow the life of Christ,

He lives perfectly in heaven, sitting at God's right hand side.

Your hope in God is not futile, never found in any disgrace,

The beauty of His love, is found in the beauty of his loving face;

No mercy is too hard, no pain beyond His comprehending,

The tragedy of rejection is lost in the love of time and space.

Signed,

Never a failure.

58 Loving God

Loving God, well what else could I possibly say,

There is no greater understanding, no greater way;

Take your time to listen, talk to God all day,

Awake from your selfish ignorance, it will be Ok.

Loving God, your perfect provider and saviour,

How could you treat Him as not your first love;

Admit your going your own way, turn to Him from behind,

Come back unto your senses, keep Him on your mind.

Loving God, you can't win it all on your own you know,

Before you were even thought of, God sat on His throne;

There was nothing that you could do you know, He had done it all,

I thought I could do it, but He was taller and made me feel small.

His touch of love will make feel welcome, accept Him to come in,

Revel in His love, you just don't have the strength on your own;

You simply have to admit it, God was greater than you in His love,

Even though He has no equal, you have a right to be with Him.

He sent His son to die for you, how can you turn your back on Him,

There is no greater love to know, than His eternal life to live;

I am pardoned and forgiven, I have accepted His gift of grace,

The truth is that He did it for me, 2000 years before I was even born.

I thank my father eternally, love shines deep from within His heart,

Looking down on His cherished son, the lost soul who had gone stray;

Now I am celebrating the victory, there is no other possible way to be saved,

The cross of pain and suffering, held high in heaven's ancient days.

Signed,

Beauty Before Any Tragedy.

59 Faith In God

Faith in God not futile, not senselessly lost above,

The cost of our salvation, was from God's only son;

Our hope secured forever, if we trust in His great love,

Mercifully granting us all the things he had taught and done.

Faith in God is beautiful, the honouring of righteousness,

Certainty of His creation, He never fails a nation;

The hope of restoration, returning everthing in love,

Keep up your faith in God, always trust and obey.

Faith in God the answer, nothing will I lack,

My wants are senseless nonsense, He is all I need;

Nothing worse could happen than me to lose His grace,

To turn my ugly head away from His loving face.

Faith in God the possibility of the best that is yet to come,

The newness of salvation, the hope in Christ eternally;

He has brilliant understanding, all that I need to know,

If I accept and achknowledge everything that I see in Thee.

Faith in God the endless simple peace and time to come,

The truth that never fails us, but holds the eternal key;

Beautifully with bravoury, His armour will protect me,

The fruit of His great spirit, the endless hope to be.

Faith in God the spirit, to endless hope and righteousness,

To trust Him with your heart and lean solely upon His word;

The work of His undending ages, the worth of the whole world,

No greater love can come upon me, not in all of the great earth.

Signed,

Simply accept it.

60 Faith, Hope and Love

Faith Hope and love, well I have to finish here,

There is no greater way to end it all than 1 Corinthians 13;

Trust in His understanding, He will do you right,

No sense in any complaining, there is nothing else to write.

Faith, Hope and Love, but the greatest of these is love,

His hope will never fail you, if you don't turn from faith again;

I am coming back to save you, the promise from the beginning,

Don't give up in the hope, but trust in His love and faith right then.

Faith, hope and love, don't miss the point, understand this,

There is nothing better that you can do, than give your life for His;

He will take you and mould you to be the kindest and the rightest,

Take you right away from your own self destructive target.

Faith hope and love, why would you want anything else but this,

His beauty reigns forever in His own self righteous bliss;

The God of al creation, the one that you simply cannot miss,

Found in all the hearts of the believers, who still trust in His.

Faith, hope and love, are you still search around for something else,

Do you think that there is a greater mind, than the one who hurled the world;

There is not greater understanding in all the knowledge of the earth,

Acknowledge and accept that Jesus is the only way to God.

Faith, hope and love, well why do you all sit and wait,

Don't you know that forgiveness is much greater than the hate;

The pages keep on turning, in the truth of eternal life and state,

We just can't beat the heart of the God whose weight, we wait.

Signed,

Long Time Coming.

Bonus Poems

God Always Wins

God always wins, you should all know that by now,

Stop you sinful ways and trusting the old cow;

Bess will beat you all and Daisy is long gone dead,

Spend your time with Jesus, grace will enter your head.

God always wins, peace will fill the whole world,

If we only follow Jesus and live our lives to know;

In Him we have forgiveness, in Him there is no hate,

Just give in to Jesus and live your lives to God relate.

God always wins, so why do I try invane,

To live my life for me only, I am simply just insane;

No possible better answer, than to give your life to Him,

He will come back and answer you, making your problems all dim.

God always wins, so why does it seem like things are wrong,

Listen to the beauty of His choir of heavenly songs;

Like nothing else really matters and all is but cereal,

The hope of heaven magic, things real and ideal.

God always wins, the beauty of creation,

Simply give God your trust in everything;

When the tragedy of turmoil is lost and all seems dreams,

The food upon the table is meat and endless cream.

God always wins, what else could I possibly hope in,

There is nothing that resounds more on earth;

If you think that you have the strength and heart to beat Him,

You may as well now just go and dig yourself a hole in the dirt.

Signed,

You can't beat God.

Trust In Him

Trust in Him, lean not unto your own understanding,

His ways are higher than your own self gratification;

Acknowledge the God of righteousness and,

Everything else will fall into place where you can see.

Trust in Him, You will fail if you try to do anything else,

Live life loving God, there is nothing better that you can do;

Forget your life of indulgence, listen to what he says,

Put your trust in Jesus, He will let you know He is so.

Trust in Him, it is not really all that hard to do,

The best of every situation is answered in Him true;

You can't give up the battle with self, unless you turn to God,

Don't think that you know better, He will prove you wrong again.

You simply cannot win the battle in your own strength of mind,

Look to God in heaven, peace is always in His truth and kind;

Trust in Him, you will enjoy His blessedness and relationship,

Confess that you did it on your own, nothing but His thrown.

His truth and understanding will lead you home on high,

The beauty of His knowlege is the gift of human life;

Trust in Him, the God of grace and endless mercy,

Learn to find and follow Him forever, rather than to sin.

In grace accept all that He has done for you,

Its a crime to live your own life, Give in to God and be His;

To each their own in searching, it is a priveledge to look,

Opening up your Bible and seeing everything He did in each book.

Truth Of Love

The truth of love is great to know,

Its perfect in magestic ways,

Its lost and lonely in yourself,

Look to God for all your days.

The truth of love is yet discovered,

In tales of ancient times,

In days of old and hearts and minds;

The best is yet to know.

Stories, pictures, things of old,

These make our lives complete,

Know that the price was paid,

That God gave you His receipt.

The way we come to know Him,

Is through His precious son;

God is for the living, letting us have fun,

Don't try and stop him, get yourself some sun.

The truth of love is best in beauty,

Years to come still yet;

Your safety is important,

God your sure, safe bet.

The truth of love doesn't hurry,

Don't race around for God;

The kingdom is there waiting,

For His children to come in.

Heaven pending your salvation,

Enter in right now;

Come to God in Jesus,

Through His great mercy and power.

Signed,

All Welcome Home.

Love Never Fails 2

Love never fails, His truth remains forever,

Every breath that you have ever taken comes again,

Fragile simple moments of loves enduring patients,

Signed with love forever, God says that you can go home.

Love never fails, the doctor must be mistaken,

How could you have lived your life always being forsaken;

Take a breathe, breathe again the life you were meant to live,

Jesus holds the keys to death in some unforgotton wind.

Love never fails, don't give up or give in now,

Time is of an essence, your chance for life again starts now;

What has gone has been forgotton, trust in Him today,

Start your life fresh again, start with him anew now today.

Love never fails, you just don't have time for anything else,

The long lost days of Winter are gone and long time passed,

Welcome to the Summer of Spring that has just gone bye,

Autumn is always coming, the leaves will fall and die.

Love never fails, keep looking to God on high,

There is no sense in being lost in days of time gone bye;

The past is gone and forgotton, by those who lived and died,

But not for those in Jesus, whose love will reach the sky.

Love never fails, simply fill in and complete the form,

Get yourself enrolled in the book of life and count yourself in;

There is only one way to know you know, its Jesus,

God is standing there waiting for you, just invite Him in to win.

Signed,

Life Is Never Too late.
