

All I Love is only you,

All I love just must come true;

All I love just can't be beat,

For all my love is to live and meet.

.

All I love is knowing you,

All I love is happening true;

All I love is more than sweet,

For all I love is to see and greet.

.

All I love is more than special,

All I love is one more fresh fall;

All I love is treating you right,

For all I love comes true at night.

.

All I love is holding you tight,

All I love is keeping up the fight;

All I love means so much to me,

For all I love is for you just to be.

.

All I love won't let me down,

All I love goes beyond a town;

All my love is you my love,

For all my love comes from God above.

.

All I love I just have to declare,

All my love stretches everywhere;

All my love is to play my part,

For all my love goes to one sweet heart.

.
